We are not in a position to grant such a degree at this time. We are in consultation with another Theological Institution who is considering issuing Degrees on our behalf. But that may incur a charge from this issuing body.

One such task would be, a 25,000 Dissertation on the Watchman Nee book "The Spiritual Man" which we can supply as a pdf file. This would be worth 48 Credits. We are also looking at other similar books such as "Spiritual Leadership" and "Spiritual Discipleship" both by J. Oswald Sanders. Sadly we cannot supply these free and you should seek them from bookstores. There are study guides in each book. A 5,000 word essay on each book would create 6 Credits per book. Other dissertations can be accepted once discussed with Faculty staff. Or you may wish to do a dissertation on a topic of your choice. Let us talk about this before you start your LEVEL 5, LEVEL 6 or Level 7.

All of courses are accredited by the National Association of Private Theological Institutes (US) and all credits are transferrable into Degree Structured equivalents via our partners in the U.S.A.
